

**For video conferencing,  
powered by Cisco**

Space 1 video conference phonebooth puts your workspace to most efficient use by creating an island of silence in an open space.

The Cisco Webex DX80 makes it really easy to collaborate over video. Meet with people like you're in the same room, with life-size video on a 23-inch touchscreen.

And you no longer need an external monitor or separate IP phone.

**Cisco features:**

**Laptop Integration**

Connect your PC or Mac to the DX to share content in meetings, or to use the DX as a display. You can also play your laptop audio, including music, on the superior acoustics of the DX.

Easily join meetings with just one button to push

Tilt the camera downward to share physical content from your desk

Use Cisco Expressway for quick and simple remote registration

**Cisco end-to-end security features**

Cisco Webex Room OS enables whiteboarding and annotating content during meetings
